By Associated Press.
LONDON, Oct. 9.—The battle fronts in Transylvania and Macedonia continue to be the centers of greatest interest. Berlin claims the Rumanians are retreating along the whole line in Transylvania. The Teutons captured Toerzburg, within seven miles of the Rumanian border. The Serbians captured Skochivio, southeast of Monastir and occupied positions on the north bank of the Cerna river. Contradictory claims becloud the result. There is hard fighting in Galicia. Six hundred and thirty men were lost when the auxiliary cruiser Gallia, carrying 2,000 Serbian and French soldiers was sunk in the Mediterranean.

Germany Must Keep Her Promise Declares Wilson

LONG BRANCH, Oct. 9.—President Wilson announced today, as a result of the German submarine attacks on vessels off the American coast, that "The German government will be held to the fulfillment of its promises to the government of the United States."

He added that he had no right, now to question Germany's willingness to fulfill the promises.

Just before Count Von Bernstorff, the German ambassador, called on the president at Shadow Lawn this afternoon, Mr. Wilson issued the following statement:

"The government, will of course, first inform itself as to all the facts, that there may be no doubt or mistake as far as they are concerned."

"The country may rest assured that the German government will be held to the complete fulfillment of its promises to the government of the United States."

"I have no right now to question its willingness to fulfill them."

Fisher A Witness Before Grand Jury
PHOENIX, Oct. 9.—The grand jury resumed its sessions at the county court house this morning and, at a late hour this afternoon, had returned no true bills.

Considerable speculation was excited around the corridors when Attorney Robert Fisher, candidate on the Republican ticket for the office of county attorney, was summoned before the grand jury.

While no definite report could be had as to what interrogations the attorney was subjected to, there was a general impression that the grand jurors had asked him as to what foundation, in fact, he had for the statements made by him in an advertisement published yesterday.

Oscar Irvin was another witness.

Mysterious Undersea Boat Performs Feat Which Strikes Terror to the Heart of Allied Commerce; Protests Are Lodged at the State Department by Entente Ambassadors; Serious Situation May Develop.

NEW PORT, R. I., Oct. 9.—One submarine made a wholesale raid on foreign shipping Sunday, south of Nantucket lightship. According to American naval officers it was presumably the German U-53, which called Saturday at Newport and departed without taking supplies after mailing a letter to the German ambassador. Rear-Admiral Gleaves, commanding the American destroyer flotilla, believes the maneuvers of the submersible are responsible for the impression that there was more than one. The raiding has ceased, at least temporarily. The known victims of the craft remain at six, notwithstanding reports from Nantucket that three other unidentified ships were sunk. There is also an unconfirmed rumor that one of the British cruisers sent to the submarine zone has been attacked.

FRAUGHT WITH GRAVE POSSIBILITIES
LONG BRANCH, Oct. 9.—Announcement tonight by Secretary Lansing that he is coming tomorrow to confer with the president concerning the German submarine raids confirmed the impression gained earlier in the day that the government considered the attacks off the American coast fraught with grave possibilities. Nothing was received, however, to show that international law or the promises of Germany have been violated. Concern centered chiefly about what might happen if the attacks continued.

BELIEVES CREW IS ON MERCHANTMEN
WASHINGTON, Oct. 9.—Rear-Admiral Knight at Newport believes an eastbound merchantman rescued the missing crew of the British steamer Kinstania, sunk yesterday, by a German submarine, and carried them to sea without reporting, because it feared that using the wireless might endanger her.

SAYS ATTACK WAS WITHOUT WARNING
NEW YORK, Oct. 9.—Thirteen shots were fired at the British steamer Stratheden, one of the German submarine's victims off Nantucket yesterday, before the crew had taken to the boats. According to Captain Wilson the steamer was "attacked unwarned. None of the shots struck until we left."

OFFICIALS SILENT ON ALLIED DEMANDS
WASHINGTON, Oct. 9.—Officials here declined to make an authoritative statement on the probable attitude of the United States relative to operations of the German submarine in the Western Atlantic. They maintain silence on the question whether complications will arise from the new Allied memorandum urging detention of any was outlined in cable dispatches.

Seven Ships Sunk.
BOSTON, Oct. 9.—The submarine arm of the imperial German navy ravaged shipping off the eastern coast of the United States, Sunday.

Four British, one Dutch and one Norwegian steamer were sent to the bottom or left crippled derelicts off Nantucket shoals.

The destroyer flotilla of the United States Atlantic fleet picked up passengers and crews of the destroyed vessels and brought them into Newport, R. I.

A submarine held up the American steamer Kansan, bound from New York for Genoa with steel for the Italian government, but later, on establishing her identity, allowed the American to proceed. The Kansan came into Boston harbor for her usual call here.

The hostile submarine is believed to be the U-53 which paid a call to Newport, Saturday, and disappeared.

The Stephano, British passenger

liner, plying regularly between New York, Halifax and St. Johns, N. F., torpedoed southeast of Nantucket, bound for New York. Passengers and crew numbering about 140 were picked up by the destroyer Balch and brought to Newport. The attack was made at 4:30 p. m.

The Kingston, British freighter, torpedoed and sunk southeast of Nantucket. This vessel is not accounted for in the maritime registers, and may be the Kingstonian. The attack occurred at 6 p. m.

The Bloomsdijk, Dutch freighter, torpedoed and sunk south of Nantucket, and crew taken aboard a destroyer. The steamer was bound from New York for Rotterdam.

The Christian Knudsen, Norwegian freighter, torpedoed and sunk near where the Bloomsdijk went down. The crew was picked up by destroyers. The vessel sailed from New York Saturday for London.

Boston Wins Thrilling Fourteen-Inning Game By Score Of Two To One
By Associated Press.
BOSTON, Oct. 9.—Breaking the world's series records and tearing traditions to shreds, Boston defeated Brooklyn by a score of 2 to 1 today in a 14-inning game lasting over two hours.

The second contest for the championship was decided only after a struggle that surpassed in startling situations. With the stage set for a thrilling climax, a pinch hitter and a pinch runner won the victory as darkness was settling over the Braves' field. The attendance was 41,373 netting \$82,626.

The contest opened with a sensational homer by Hy Myers and it appeared that a narrow margin would win for the Dodgers. Scott tripled in the third and scored when Cutshaw juggled Ruth's tap and had time only to make a play at first. Eleven innings gave neither side the slightest advantage, diamond deeds of amazing daring holding the spectators enthralled. Sizzling hits, wonderful catches, scintillating throws and keenest baseball generalship succeeded each other so rapidly that preceding plays were forgotten.

In the 14th Sherrod Smith faltered an instant and passed Hoblitzell. Carigan put McNally in to run for "Hobby" and selected Gainer as

THIRD GAME MAY BE PLAYED IN THE MUD

By Associated Press.
NEW YORK, Oct. 9.—Cool wind with a threat of rain indicated that possibly football weather is in store for the combatants' third game of the world's series at Brooklyn tomorrow. The prospects are for a capacity crowd at Ebbets' field. Coombs will probably be Brooklyn's twirling choice.

Submarines May Hunt For Victims Farther South

WASHINGTON, Oct. 9.—Possibilities of diplomatic complications over the German submarine raid along the New England coast seemed today to point toward the Allies as well as toward Germany.

State and navy officials said today that the unofficial report of the destruction of ships within sight of American shores furnished no reason to change their first impression that the submarine operations had been conducted, so far, within the limitations of international law, but they were fully alive to the dangerous possibilities.

Destruction of an American ship carrying contraband might easily cause another Frye case, and any loss of life attending the case might easily reopen the whole submarine question.

The general opinion prevailing today was that, with the gathering of Allied cruisers off the New England coast, the submarines would desert that field and strike their next blows farther south.

Outposts Are Fired Upon By Snipers

By Associated Press.
EL PASO, Oct. 9.—Outposts of the Thirty-first Michigan infantry reported being fired upon while patrolling the Rio Grande. Sniping is reported from the same camp.

NO VIOLATION TO DATE

WASHINGTON, Oct. 9.—State department officials have come to the conclusion that, so far, none of Germany's promises to the United States and none of the rules of international law have been broken in the submarine raid off the New England coast. No official announcement of this view was made, but it is known to have been reached after a review of such reports as are available.

HUGHES ASSAILS THE MEXICAN AND FOREIGN POLICIES OF WILSON

TELLS AUDIENCE THAT REPUBLICANS WILL BROOK NO INTERFERENCE WITH RIGHTS OF AMERICAN MAIL OR COMMERCE.

By Associated Press.
PHILADELPHIA, Oct. 9.—Chas. E. Hughes in his speech here tonight vigorously assailed the administration's foreign and Mexican policies. He outlined the Republican party program in two respects, as follows: "We do not propose to tolerate any improper interference with American property, American mails or legitimate commercial intercourse, and no American who is exercising only American rights shall be put on any blacklist by a foreign nation."

WHEAT DECLINES
CHICAGO, Oct. 9.—Notwithstanding that an account of submarine operations and consequent selling rushes, wheat prices underwent a sensational set back today, the market soon recovered its equilibrium. The steady influences were greatly increased by crop damage reported from Argentina. Opening prices which ranged from 1 1/2 to 4 1/2 lower, were followed by rallies within 1 1/2 cents under Saturday's finish. Corn swayed with wheat.

PENOLOGY IDEAS
BUFFALO, Oct. 9.—"Segregation, Self-Government and State Control," by Deputy Warden Derrick of Sing Sing prison, was one of the chief addresses of today's sessions of the American Prison Association Congress here. Derrick took up the problem of keeping young offenders, whose habits of crime are not formed, away from the influence of incorrigible criminals.

ENTHUSIASM IS RAMPANT FOR CAMPBELL

TOWNS IN COCHISE GREET REPUBLICAN CANDIDATE FOR GOVERNOR AND ACCORD HIM OVATIONS.

Special to the Journal-Miner.
WILCOX, Ariz., Oct. 9.—Leaving Douglas and speaking at McNeal, Webb, Courtland and Cochise and ending with an old-time Republican rally here tonight, Tom Campbell and party left for Bowie tonight. A drum corps and autos met the party a few miles from the hotel. The first Arizona regimental band and a great crowd were on hand to meet Campbell and party. A torchlight procession, led by the band, led the crowd to the hall where the largest and most enthusiastic rally ever held here followed. Campbell was given an ovation. He spoke but 20 minutes, giving way to Henry D. Estabrook, of New York, who spoke for an hour on national issues, holding the big audience spellbound by his eloquence and sound arguments in behalf of Charles E. Hughes and Republican principles.
